

# DelDOT Winter Storm Update #2

The Delaware Department of Transportation (DelDOT) is fully mobilized for today's snow event, and more than six inches of accumulation has already been reported in Sussex County.

Due to deteriorating conditions, DART will **not** operate regular bus services or paratransit in Sussex County; however, services in Kent and New Castle will operate with delays. Please use caution getting to bus stops due to potentially slippery conditions.

Please have driveways and sidewalks cleared for your safety and the safety of our Paratransit Operators.

SEPTA Wilmington/Newark line is operating regular service.

State of Delaware offices are closed in all three counties Thursday, Jan. 4, 2018, during regular business hours 8 a.m. to 4:30 p.m., and includes all four DMV locations.

DelDOT will continue to provide regular updates throughout the duration of the storm event.
